

# WAQAR AHMAD TAHIR

WORDPRESS DEVELOPER

## PROFILE

I am a highly skilled WordPress developer and designer with 5+ years of experience. My expertise extends to customizing WordPress themes and plugins, allowing me to create tailored solutions that meet clients' unique needs. Additionally, I possess strong coding knowledge, which enables me to deliver not only visually appealing but also technically robust websites. Having collaborated with clients from across the globe, I bring a diverse and global perspective to my work. My commitment to innovation and user-focused design drives my passion for crafting exceptional web solutions.

**MindTech Pvt. Ltd Lahore, Pakistan**  
**WORDPRESS DEVELOPER**  
2019–Present

As an accomplished WordPress Developer, I excel in crafting dynamic websites through custom theme & plugin development. My expertise spans the entire lifecycle, ensuring top-notch code quality, performance optimization, and adherence to best practices. I'm adept at seamlessly integrating design and in collaboration with cross-functional teams. Proficient in version control, I troubleshoot and provide effective solutions, with a keen eye on security measures. My commitment to staying ahead of industry trends drives the incorporation of cutting-edge technologies, while rigorous code reviews and strict adherence to coding standards define my commitment to excellence. I engage with clients to deeply understand project requirements, providing valuable technical insights. Meticulous documentation ensures comprehensive and accessible information for the development team and stakeholders.
